EGYPT PETROLEUM SHOW

14 - 16 February 2017

Cairo International Convention & Exhibition Centre

Gateway to Egypt's  
new oil and gas opportunities

## 2017 CALL FOR PAPERS NOW OPEN

Co-organised by:

**dmg** events  
global energy

Official Publication

**Pipeline**  
OIL & GAS MAGAZINE

SUBMIT AT: [WWW.EGYPTPETROLEUMSHOW.COM/CFP](http://WWW.EGYPTPETROLEUMSHOW.COM/CFP)

## SUBMISSION DEADLINE: 20 APRIL 2016

# EGYPS 2017 CALL FOR PAPERS

The EGYPS 2017 Conference will feature in excess of 25+ technical and strategic sessions and over 200 prominent industry speakers and representatives from both the regional and international oil and gas community, providing the unique opportunity to gain insights into the industry's entire value chain and to engage with your peers.

Huge efforts are currently being put into Egypt's petroleum sector with special focus upon its most recent offshore gas finds where plans are underway to bring the fields online quickly to help alleviate growing domestic demand and create much needed feedstock for the downstream sector. The Country is now gearing up for significant investments in field developments, pipelines and transportation, processing technologies and infrastructure requirements which are a must over the next 5-10 years.

Over the 3 days of EGYPS 2017 we bring together experts from the entire upstream, midstream and downstream oil and gas value chain providing the opportunity to share both strategic industry experiences and technical expertise and knowledge exchange offering critical insights into Egypt and North Africa's fast evolving hydrocarbon businesses.

## DEDICATED TECHNICAL INDUSTRY CATEGORIES INCLUDE:

### 1 E&P Geoscience (GEO)

- Seismic surveys: imaging and modelling
- Geoscience: technology development and commercialisation
- Well logging, remote sensing for new and existing wells
- Data knowledge, collation, management and analysis

### 2 Oil, Gas and Unconventional Field Developments (OGUFD)

- Reservoir evaluations: shale gas, tight gas
- Reservoir characterisation and modelling
- Reservoir engineering, evaluation, monitoring and testing technologies
- Smart and digital oilfields: improving operational capabilities of assets
- Enhanced oil recovery (EOR) thermal recovery, gas injection, chemical injection, steam flooding

### 3 Drilling and Completions (DC)

- Drilling and downhole: technology, production, cost reduction
- Onshore and offshore well stimulation: hydraulic fracking technology and operations
- Jack up drilling rigs
- Intelligence completions: design, implementation and performance
- Drilling fluids: technology, environment, performance enhancement

### 4 Gas Processing Technology and Operations (GPTO)

- Sour gas processing, filtration and separation methods including acid, gas, water, condensate, oil
- Natural gas processing from the well head to the plant
- R&D relating to production, processing and pipeline transportation of natural gas

### 5 Offshore Technology and Operations (OTO)

- Offshore infrastructure: production platforms and artificial islands design, piling, flow lines, umbilical connections
- Floating production, storage and offloading (FPSO) and offshore support (OSV) vessels and remotely operated underwater vehicles (ROV)
- Hydraulic lifting equipment, cranes and high capacity winches
- Shallow and deep water: subsea wells, subsea fields, subsea projects and developments
- Shipping, marine and subsea specialised equipment and repair

### 6 Project Management, Engineering Technology and Implementation (PMETI)

- Successful project execution: engineering, procurement, construction and management
- Mega project challenges in a low price oil environment: E&P, refining, petrochemicals
- Mitigating challenges during commissioning and start up operations: onshore and offshore facilities
- Processing transportation and infrastructure

### 7 Operational Excellence, Maintenance and HSE (OEMH)

- Oil field and facilities maintenance, upgrade and repair
- Health, safety, environment, security management, equipment and services across E&P and downstream plants
- Risk and integrity management, interface challenges
- Climate change, CO2 reduction and environmental challenges within oil and gas

### 8 Downstream: Refining, Petrochemicals and Fertilizers Technology and Operations (DRPFTO)

- Brownfield revamping, expansion, conversion and developments
- Refining and petrochemical integration and feedstock maximisation: crude oil derivatives including naphtha, LPG, NGL, shale gas, ethane gas
- Olefins (ethylene and propylene) and aromatics (benzene, toluene, xylene isomers): operations and technology developments
- Refining technology and processing developments: catalytic and thermal cracking, hydrocracker reaction and fractionation units, delayed coking units, contaminants removal, alkylation and polymerisation, isomerisation

### 9 Power Generation Technology and Operations (PGTO)

- Regasification, transmission and distribution and power generation
- Power plant fuel supply: coal vs oil vs gas
- Plant upgrades, refurbishment, manufacturing and equipment
- Gas turbine strategy and technology

### 10 Marketing and Distribution of Refined Products (MDRP)

- New trends and emerging technologies for lubricants
- Advanced hydrocracking technology in refining
- Fuels and lubes product integrity
- Advanced fuels technology
- Lubrication solutions for renewable energy applications
- Road safety in fuels distribution

# CALL FOR PAPER GUIDELINES

All submitted technical abstracts will be reviewed by the EGYPS 2017 Technical Committee.

Early submission is important to ensure the Committee members have ample time to review the abstracts.

Authors are strongly encouraged to submit their abstracts online at: [www.egyptpetroleumshow.com/cfp](http://www.egyptpetroleumshow.com/cfp) before **20 April 2016**.

## Abstract submission

- ⊕ Abstracts should include 300 words and be written in English.
- ⊕ It is critical that all the requested information is provided at the time of your abstract submission.
- ⊕ You must select from the 10 categories provided to best describe your abstract.
- ⊕ Prior to abstract submissions – **management clearance must be obtained**. Any issues concerning clearance should be outlined when the abstract is submitted.
- ⊕ If you have presented this abstract previously, you will need to provide details of when and where.

## Abstract content

Your abstract should contain adequate information review by the Technical Committee including:

- ⊕ **Description:** summarise the scope and nature of the work upon which the abstract is based on eg: field data, lab data, original analysis, technology.
- ⊕ **Applications:** describe the possible application of the information provided in the abstract.
- ⊕ **Results and conclusions:** summarise the results and major conclusions to be presented in the presentation and state specific conclusions of the work and how these differ from previous work on the same subject. State whether new information will be revealed and whether data from the field, lab, refinery, plant will be included.
- ⊕ **Technical contributions:** describe the significance of the subject matter in the abstract by listing up to three technical contributions or additions to the technical knowledge based of the petroleum industry.

## Technical categories

Use the 10 technical categories supplied to indicate the category that best describes your abstract. Abstracts are evaluated based on the following:

- ⊕ The abstract must contribute to upstream, midstream or downstream technology and should contain significant new knowledge, technical results or experience.
- ⊕ Data in the abstract must be correct in terms of technical applications.
- ⊕ The abstract may present information about equipment and tools to be used in the upstream, midstream and downstream sectors showing definite applications and limitations of such equipment and should avoid undue commercialism and extensive use of trade names.

## Commercialism

Your abstract should avoid the use of commercial trade names, company names or language that is commercial in tone in the title, text or slides. Use of such terms will result in careful scrutiny by the review committee and may result in exclusion from the evaluation process.

## Guidelines for accepted abstracts

- ⊕ If your abstract is accepted you will be notified at the end of May 2016.
- ⊕ Authors of accepted abstracts will be required to provide a manuscript for inclusion in the conference proceedings.
- ⊕ Detailed instructions on the preparation of manuscripts and presentations will be sent to all authors once acceptance to speak has been received.
- ⊕ The organiser assumes no obligation for expenses by authors for travel and accommodation to attend and speak at the event.

## SUBMIT TODAY AND BE PART OF EGYPS 2017

Submit at: [www.egyptpetroleumshow.com/cfp](http://www.egyptpetroleumshow.com/cfp)

**SUBMISSION DEADLINE: 20 APRIL 2016**

*“The Ministry of Petroleum and Mineral Resources is implementing a number of ambitious projects with the aim of increasing reserves and production of crude oil and natural gas in Egypt. We look forward to exploring international partnerships with key industry stakeholders to accelerate the implementation of our E&P activities.”*

**His Excellency, Tarek El Molla**  
Minister of Petroleum and Mineral Resources  
Arab Republic of Egypt

EGYPS 2017 will include strategic industry sessions and panel discussions providing critical insights into Egypt and North Africa's fast evolving hydrocarbon business.

EGYPS 2017 celebrates the active and growing role of women within the oil and gas sector with dedicated sessions taking a look at the lives and careers of women in the fields of upstream, midstream and downstream.

## Topics include:

- Upstream regulatory and fiscal frameworks
- Upcoming new onshore and offshore oil and gas licensing rounds
- E&P investment opportunities within MENA
- Egyptian and North African future energy mix
- CSR and developing in country value
- The future of NOC and IOC relationships
- Egypt as a global oil and gas transportation hub: Suez Canal updates
- Economics, oil pricing, market stability and fuel subsidies
- Downstream: production, capacity, investment

## Topics include:

- The active and real role women play in the field: the story of a female engineer
- Breaking stereotypes and empowering future workforces across the entire hydrocarbon value chain
- Engaging the future generation of female leaders into the energy sector
- Emotional intelligence in oil and gas leadership
- Bridging the pay gap across gender
- Successfully managing and creating the perfect work, family, life balance
- Choosing the right career path and advancing up the career ladder – how far can you go?

## INTERESTED TO SPEAK AT EGYPS 2017?

Contact: [egypt.conference@dmgeventsme.com](mailto:egypt.conference@dmgeventsme.com) to learn how you can become involved and showcase your industry experiences and knowledge

# EGYPS 2017 EXECUTIVE COMMITTEE

**CHAIRMAN: HIS EXCELLENCY, TAREK EL MOLLA**  
**MINISTER OF PETROLEUM AND MINERAL RESOURCES**  
**ARAB REPUBLIC OF EGYPT**

**DEPUTY CHAIRMAN: ABED EZZ EL REGAL, CHAIRMAN, GUPCO**

**DEPUTY CHAIRMAN: MOHAMED MOANES, DEPUTY CHAIRMAN FOR PRODUCTION, EGPC**

- ✧ Khald Abdelbadie, Chairman, Egyptian Natural Gas Holding Company (EGAS)
- ✧ Abu Bakr Ibrahim, Chairman, Ganoub El Wadi Petroleum Holding Co (GANOPE)
- ✧ Mohamed EL Masry, Chairman, EGPC
- ✧ Mohamed Saafan, Chairman, ECHEM
- ✧ Dr Mohamed Abdel Aziz, Chairman and CEO, Midor
- ✧ Thomas Maher, Regional Vice President and General Manager, APACHE Egypt
- ✧ Hesham El Amroussy, Chairman and Managing Director, EXXONMOBIL Egypt
- ✧ Hesham Mekawi, North Africa Regional President, BP
- ✧ Adriano Mongini, Executive Vice President, North Africa, ENI
- ✧ Aidan Murphy, Country Chairman and Managing Director, SHELL Egypt
- ✧ Osama Mobarez, Undersecretary for Minister's Technical Office, Egyptian Ministry of Petroleum and Mineral Resources
- ✧ Hamdy Abd El Aziz, Undersecretary for Media Affairs, Egyptian Ministry of Petroleum and Mineral Resources
- ✧ Maurizio Coratella, Vice President Operations Egypt and Middle East, EDISON INTERNATIONAL
- ✧ Eng Osama Halim, Egypt Area Manager, HALLIBURTON
- ✧ Ahmed El Nakkadi, Vice President and General Manager, East Mediterranean, SCHLUMBERGER

# EGYPS 2017 TECHNICAL COMMITTEE

## E&P Geoscience (GEO)

- Mr Francesco Bertello, Exploration Manager, IEOC
- Mr Walid Eid, Seismic Delivery Manager, North Africa, BP
- Mr Hani Nasr, Geological Manager, Apache Egypt
- Mrs Ghada Mohamed, East Mediterranean & Egypt Geosolutions Land Manager, Schlumberger
- Mr Ahmed Bassiouny, FRS MENA Region Manager, Halliburton
- Geologist Khalid Hemdan, Assistant Chairman for Exploration, GUPCO
- Dr Ahmed Abd El Fattah, General Manager, Petrozenima
- Geologist Samir Abd El Moati, Country Manager, Egypt, Beach Energy
- Geologist Mahfouz Elbouny, Edison

## Oil, Gas and Unconventional Field Developments (OGUFD)

- Mr Aldo Costantini, Reservoir Manager, Edison International
- Mr Taner Batmaz, East Mediterranean & Egypt Stimulation Domain Champion, Schlumberger
- Mr Osama Abu Taleb, Sales and Marketing Manager, Egypt Weatherford
- Mr Salah Heikal, Operations Manager, IEOC
- Mr Tarek Afifi, Biostratigrapher – North Africa Geology Discipline Lead, BP
- Mr Yasser El Massry, BP Egypt Base Management Manager
- GUPCO Ops. Engineering Deputy General Manager, BP
- Dr Mostafa Orabi, Professor, Future University in Egypt
- Dr Tagwa Ahmed Musa, Head of Petroleum Engineering Department, Sudan University of Science
- Eng Hani Argalious, Middle East and North Africa Business Manager, National Oilwell Varco
- Eng Abd Allah Bekheet Badr, Reservoir General Manager, Agiba
- Eng Daa Eldeen Kasim, Assistant Vice CEO Production, EGPC
- Eng Hafez El Shamy, Production Technology Division Manager, EGPC
- Chemist Marwa Al Qutt, Drilling Fluids Supervisor, Agiba
- Dr Attia Attia, Professor, The British University Egypt
- Dr Panos Papanastasiou, Professor, University of Cyprus
- Eng Maged Moris, Assistant Chairman Drilling, GUPCO

## Drilling and Completions (DC)

- Mr Maged El-Tom, East Mediterranean & Egypt Drilling & Measurements Sales Manager, Schlumberger
- Mr Devesh Bhaisora, Country Manager - Cementing and Product Service Line, Halliburton
- Mr Mohamed Shahin, Drilling Engineer, Apache Egypt
- Mr Ahmed Fouad, Well Engineering Manager, IEOC
- Mr Mohamed Abu Ahmed, Senior Drilling Engineer, BP
- Dr Ahmed El Banbi, Professor, Cairo University

## Gas Processing Technology and Operations (GPTO)

- Mr Ali Ibrahim, Engineering Coordinator, IEOC
- Mr Mostafa Nabawi, Projects Manager, Qarun Petroleum
- Dr Ghada Bassioni, Associate Professor, Faculty of Engineering, Head of Chemistry Department, Ain Shams University

## Offshore Technology and Operations (OTO)

- Mr Marc Branca, Technical Manager, OneSubsea
- Mr Sameh Kassem, Lead Development Engineer, BP

## Project Management, Engineering Technology and Implementation (PMETI)

- Mr Tarek Emam, Development Manager, IEOC
- Mr Moataz Ataf, In-Country Project Manager, West Nile Delta, BP
- Mr Justin Zhu, Deputy Operations Manager, Apache Egypt
- Dr Ismail Mahgoub, Professor and Head of Petroleum Department, Future University Egypt
- Dr Moataz Khalil, Business Development Manager, Petrojet
- Eng Osama Elsayed, Assistant Vice CEO for Planning and Projects, EGPC

## Operational Excellence, Maintenance and HSE (OEMH)

- Mr LB Muralidhar, Operations General Manager, Rashid Petroleum Company
- Mr Osama Laithy, East Mediterranean & Egypt HSE Manager, Schlumberger
- Mr Owen Zhang, HSE Manager, Qarun Petroleum
- Mr Angelo Burini, Development Manager, IEOC
- Mr Mohamed Hassanein, North Africa Region HSE Manager, BP
- Eng Ali Bakr, Director & Egypt Retail Sales Manager, ExxonMobil Egypt
- Eng Ahmed Maher, Manager, Egypt Cluster Manufacturing Lubricants Operation, Midstream, Refining & Supply, ExxonMobil Egypt
- Eng Ahmed Allakany, NAC Lead Engineer, FM Retail Asset, ExxonMobil Egypt
- Eng Khaled Abbas, Egypt Master Network Planner, ExxonMobil Egypt
- Eng Nabil Salah, Operations General Manager, GUPCO
- Eng Khalid Mowafi, Operations General Manager, Khalda Petroleum Company
- Eng Amal Abe El Lateef, Operations General Manager, Sinotharwa

## Downstream: Refining, Petrochemicals and Fertilizers Technology and Operations (DRPFTO)

- Chemist Shawkat Abdel Hakeem, Assistant General Manager Production Planning, Midor
- Eng Haitham Hazem, Department Manager, Midor
- Eng Tarek Salah, Raw Material Advisor - EAME, L&S MS Operations Supply-EAME, ExxonMobil Egypt

## Power Generation Technology & Operations (PGTO)

- Eng Mohamed Assar, Field Marketing Manager EU, Nordics & MENA, L&S Marketing, ExxonMobil Egypt
- Eng Mohamed Eissa, Senior Field Engineer, L&S Sales EAME Field Engineer, ExxonMobil Egypt
- Eng Ossama Sharaan, Africa Middle East Chief Engineer, L&S Sales EAME Field Engineer, ExxonMobil Egypt

## Marketing & Distribution of Refined Products (MDRP)

- Eng Reda Kamal, Products Technology Special Projects Manager EMRE, ExxonMobil Egypt
- Eng Ali Hegab, Project Manager, GSC GES ESC - EAME, ExxonMobil Egypt
- Eng Ehab Nasr El Din, Egypt MLubes & Fuels Sales Manager EAME Maintenance & Repair Team Lead, ExxonMobil Egypt
- Eng Mohamed Zawawi, Mex Plant Operations Manager Midstream, Global Lubricants Operations, ExxonMobil Egypt
- Eng Magdy Badr, Egypt Maintenance & Repair Team Lead, ExxonMobil Egypt
- Eng Omar Merdan, Security and Retail SSHE Advisor, ExxonMobil Egypt
